

QUILTERS QUARTERS

WALLAROO RETREAT

Information Sheet

CU WALLAROO

8-10 John Tce

Wallaroo SA 5556

Located in the beachside town of Wallaroo on the Yorke Peninsula in South Australia CU1 is a former stone warehouse with impressive pressed metal ceilings and light wells. It has been thoughtfully renovated to incorporate spectacular modern facilities and cubicle style accommodation that sleeps attendees in single or double bunk beds.

It is a short stroll to the beach, jetty, main street and local shops.

ACCOMMODATION

- The accommodation style here is quite unique. As the building was originally a warehouse it consisted of several large spaces with exceptionally high ceilings. Some of these spaces have been divided into cubicles which act as sleeping areas. They are private cubicles with either a door or a curtain to close off from the next cubicle.
- There is a variety of bed configurations available. Most cubicles have one double bed bunk plus single bed bunks. Only the lower beds will be used.
- There are four cubicles with Queen beds that will be available for anybody who chooses to pay the single supplement option.
- All mattresses are covered with a fitted sheet and mattress protector for your comfort. NO LINEN IS SUPPLIED. You will need to bring all your bedding requirements including pillows, sleeping bags or sheets, blankets or quilts.
- There is evaporative air conditioning in the bedrooms.

BATHROOMS

- The bathroom facilities are divided into three zones which are all located next to each other. A female bathroom with 4 toilets and three showers, a male bathroom with three toilets and three showers and a bathroom with disability facilities for one person. You will have access to all three zones.
- The bathrooms are very modern, spacious and have terrific lighting.

QUILTERS QUARTERS

WALLAROO RETREAT

Information Sheet

MEALS

- There is a commercial kitchen on site but you need not worry about this area. The only reason you will need to go in there is if you want to pour a glass of fresh filtered water or make yourself a cup of tea or coffee (coffee machine coffee included)
- All meals will be catered for and are included in the retreat fees. Meals provided will include breakfast, morning tea, lunch, afternoon tea and dinner with desert. Fresh fruit will be available throughout the day.
- Focus will be on healthy meals cooked with fresh produce.
- Special dietary needs can be accommodated on request.
- There are two eating areas. Tables will be available in the main hall for meal consumption or if the weather is nice meals can be consumed in the alfresco area adjacent to the kitchen. This area can be enclosed with clear plastic blinds and has ceiling fans for added comfort.
- A fridge is available in the alfresco area if you have any food or beverages you choose to bring yourself.
-

ACTIVITY ROOM

- This massive space is where you will sew, eat, shop and relax!
- There is gas heating if the weather is cold and ceiling fans should we need some air movement. I am told it rarely gets hot in this area due to its size, ceiling height and wall construction of thick stone.
- The day light is amazing. Bring your portable lamps if you are planning on hand sewing at nights.
- A cutting table, cutting mats and large rulers will be provided.
- Ironing boards and irons will also be provided
-

RETREAT ACTIVITIES

- This retreat is a relaxed midweek getaway for people to sew their own projects.
- An option will be provided to participate in a project if you prefer.
- A trading table will be available for you to bring any unwanted quilting patterns, kits, sewing items or handmade goods to sell. No fabric please(unless in a kit).
- The Quilters Quarters shop will be on site for all your quilting needs.

QUILTERS QUARTERS
