

## 26 3D Folded Mariner's Compass with Heather Ford

Tues 17

Size – 72 cm x 168 cm or 28" x 66" Block size: 46 cm or 18"

compass during the workshop. Purchase of the tool is required. The class is not suitable for beginners.

In this workshop, using Cheryl Phillip's 3D Mariner's Compass tool (approx. cost \$30.00). You will make a bed runner comprising three compasses and borders. You'll make 16-point compasses but it is possible to make 32-point compasses. The compasses lend themselves to fussy cutting for spectacular results, should you wish. You will complete one

## 27 Jelly Roll EPP with Jodi Godfrey

Tues 17

This quilt design class is a fun and relaxed time spent playing with paper shapes! Each participant will receive a Hexie Shape Family, a mixed pack of shapes that all relate to the hexagon. You'll spend the morning looking at ready-made blocks and quilts for inspiration, arranging your pack of shapes in different ways and then you'll start making your chosen quilts! You'll learn how to break your design into easy steps to stitch your block together. Jodi will help you work out shape and fabric requirements if you want to make a quilt.

All English Paper Piecing basics will be covered, including lots of tips and tricks to make the process smooth and easy, so no previous experience is necessary. Suitable for all skill levels.

## 28 Whirling Dervish with Michelle Marvig

Tues 17

Size – 51 cm square or 20" square

Movement is created in this cushion, by stepping the value of the main fabric colour in the "blades". Then a bright contrast is added to the centre to make the design pop. The odd shapes are easily handled by using foundation piecing techniques. "Y" seams are also covered in class, during the construction of the block. Let Michelle teach you to love foundation piecing as much as she does. Suitable for all skill levels.
