I SPY QUILT KITS 42" x 58"

Funds raised from the sale of "*I Spy*" kits will add to the Bedford Mystery Quilt project. All fabric has been donated and our wonderful helpers have cut and counted the kits.

There are 2 different kits, one with 35 x 6½" *I spy* squares and others with 140 x 3½" which are sewn together to create a 6" finished block plus plain fabric rectangles and 2½" squares for corner stones.

If this is a 3½" kit first sew four squares together to create a 6½" block.

For both size squares it is suggested that the squares be arranged as desired 5 blocks wide by 7 blocks long as shown in the photos. There are a couple of extra squares for luck.

The plain fabric has 5 rectangles in 8 colours for the horizontal rows across and 7 rectangles in 6 colours for the vertical columns down. As shown in the photo. The plain fabrics may be different shades of blue or green or whatever; or they could all be the same.

The sample quilt was quilted with a fancy stitch in variegated thread along each seam. This is a very quick and easy baby quilt, ideal for a floor quilt.

We thank you all for supporting another Bedford Project. Faye and Lessa
